Re: U.S. Application No. 09/847,590 filed May 2, 2001
entitled: "System And Method For Automated Negotiation For And
Allocation Of A Broadcast Satellite"
in the name of Reed Burkhart

Sir,

After checking the status of the above-referenced application on our private PAIR account, we noticed that a non-final rejection was mailed to our previous firm Skjerven Morrill MacPherson LLP. This would indicate that the change of correspondence address that we electronically filed with the USPTO's Electronic Business Center on April 13, 2003 was not recorded properly in this case, even though PAIR indicates receiving the notice. We also filed a Request for Status of the Application on April 15, 2004, for which we never received a response.

We have filed a Change of Correspondence Address for the subject application, which we attach for your reference. Due to the non-recordal of the change of address, we respectfully request that the non-final rejection be directed to our current firm and address, with a change in the mailing date of the action.

Respectfully requested,

James S. Hsue
